Miles Tolbert is trying to put together another meeting regarding the draft legislation that addresses the transfer of the LICRAT land to the Quapaw (see below). The proposed date is now January 28. I have been asked to check with the EPA principals to see whether you can make this date. If not, please provide alternative dates to me and I will forward them to Mr. Tolbert.

Certainly works for me. I would join by telephone.

All,

Mark Osborn has asked me to schedule another full group meeting on either the 13th or the 14th. I know that our progress has not been as rapid as any of us would have liked, but it may be that an in-person meeting will accelerate discussions. How are those days for you and your principals?

Miles
